Multi-level Aroma G3 grinder	■
Hot water system (3 temperature levels)	0.24 l / minute
Remaining time display	■
Automatic milk rinse	■
Milky coffees in single and double preparation	■

The benefits at a glance

- 21 programmable specialties. The coffee of your choice at the touch of a button thanks to modern One-Touch function
- Bean container and water tank can be locked to prevent manipulation
- Disable function for products and programming prevents accidental operation, for example during cleaning
- 6 large front-mounted direct selector buttons and 2 navigation buttons. Delicious coffee at the touch of a button.

Settings and programming options	
Programmable / Adjustable amount of water	■
Programmable / Adjustable coffee strength	■
Programmable milk temperature	10 levels
Programmable milk foam temperature	10 levels
Programmable brewing temperature	2 levels
Programmable Hot Water temperature	3 levels
Day counter can be reset	■
Individual product Counter	■
In figures	
Height-adjustable dual spout	65 - 153 mm
Water tank capacity	5 L
Coffee grounds container	max. 40
Bean container with aroma preservation cover	500 g
Optionally extendable to	1 kg
Cable length	app. 1.2 m
Voltage	220 to 240 V 50/60 Hz
Fuse rating	10 A
Wattage	1,450 W
Stand-by power	< 0.5 W
Weight	14 kg
Dimensions (W × H × D)	37.3 × 47 × 46.1 cm
Height with extended Hopper	52.4 cm
Article / Colour	15191 / Platinum

JURA X8 platinum

Lockable Hopper and Water Tank

Self-Service friendly

Easy cleaning with cleaning container

Front removable Water Tank

JURA X8 platinum

The robust, versatile and professional coffee solution

The X8 is incredibly versatile: it can prepare the full range of speciality coffees finished with milk and milk foam as well as black coffees and the classic pot of coffee. For tea lovers, it also prepares hot water at different temperature levels. With its solid, height-adjustable dual spout, it can create a speciality coffee – or even two beverages simultaneously – and dispense them into the cups or glasses, at the touch of a button. The handy cup positioning aid makes it ideal for self-service. The same goes for the large, clearly arranged preparation buttons. Different speciality coffees can be positioned wherever you like on the display, according to your needs. Whether equipped with the standard large water tank or a sturdy fresh water kit, the X8 offers excellent performance whether in mobile use or in a fixed location.

State-of-the-art technologies for perfect enjoyment

The innovative AromaG3 grinder always grinds the beans freshly for every beverage, to just the right fineness. It is designed for speed and precision while preserving the full aroma of the beans. The Pulse Extraction Process (P.E.P.®) ensures the optimum extraction time for short specialties and delivers a taste explosion for the ristretto and espresso. The X8 has a height-adjustable dual spout, enabling it to create the perfect trend specialties with milk and milk foam thanks to fine foam technology. All control elements on the X8 are on the front, clearly visible and easily accessible. The water tank and bean container can also be refilled from the front. To protect them from manipulation, the water tank and bean container come with a locking mechanism as standard. The drip tray and coffee grounds container are ergonomically designed and can be removed with one hand, allowing them to be emptied quickly and cleanly. The control elements show the clarity of the operating concept. The vertical format TFT display combined with the large, easily recognizable preparation buttons make operation very straightforward, even for first-time users. The preparation and maintenance buttons can be disabled to prevent unwanted reprogramming or accidental operation while the machine is being cleaned.

As individual as your requirements

The X8 can be combined with additional coffee machines and elegant accessories such as the cup warmer, Cool Control, fresh water kit or accounting system, making it the ideal basis for complete, tailor-made coffee solutions in a wide range of areas.
